### **Ness Turf Announces New Gearmore PTB560 Pull Type Spreader**

**Kapolei, HI (March 12, 2018)** – Ness Turf Equipment, the premier distributor of ag and turf solutions in Hawaii and the Pacific Region, is proud to announce the new Gearmore PTB560 Pull Type Spinner Spreader. The Gearmore PTB560 is a self-contained, towable attachment that can be operated by almost any vehicle.

The PTB560 Spreader has large 20-inch diameter by 10-inch wide flotation tires to make it “Turf Friendly.” It is easy to transport with its ground drive, cast iron, oil bath gearbox that can be disengaged. Operators can adjust the spread rate and turn the spreader on and off from the vehicle seat with the cable control.

Justin Agbayani, Product Support Manager, says, “The Gearmore PTB560 Spreader is the ideal low-cost seed, fertilizer, sand, and salt spreader.” Agbayani adds, “The large 1070 lbs./14.2 cubic feet capacity and spread distance of the spreader make it an excellent choice for all your spreading needs.”

According to General Manager Leonard Smith, “Its efficiency and ease of use make the Gearmore PTB560 Pull Type Spinner Spreader a popular choice for golf course, park, sport field, and turf farm use.”

Contact Leonard Smith at 808.486.8301 or [lsmith@nessturf.com](mailto:lsmith@nessturf.com) for more information on the Gearmore PTB560 Pull Type Spinner Spreader.
