Ness Turf Announces New Exmark Lazer Z Diesel Mower

Kapolei, HI (Sept. 19, 2018) – Ness Turf Equipment, the premier distributor of ag and turf solutions in Hawaii and the Pacific Region, is proud to announce the new Exmark Lazer Z Diesel Zero-Turn Mower. The Lazer Z Diesel Mower offers you the same advanced engineering and commercial-grade quality of the Lazer Z, all in a 96-inch flex wing deck.

Capable of mowing over 9.5 acres per hour, the Lazer Z Diesel's lower placed engine and radiator provide an even lower center of gravity for improved traction and a smoother ride. The Exmark Lazer Z Diesel Zero-Turn Mower also features next generation RED on-board intelligence technologies to increase efficiency, ease of use, and durability with defined performance modes.

"The Lazer Z Diesel Mower is the most productive mower Exmark has ever built," says Leonard Smith, General Manager. "For less intense jobs, the Lazer Z Diesel is also available in 60-inch and 72-inch UltraCut mower decks, making it perfect for any job size."

Contact Leonard Smith at 808.486.8301 or lsmith@nessturf.com for more information on the Exmark Lazer Z Diesel Zero-Turn Mower.

About Ness Turf

Ness Turf Equipment has been providing ag and turf solutions for over 50 years in Hawaii and the Outer Islands, Guam, American Samoa and Saipan. Ness Turf Equipment offers unparalleled customer service and the best sales, parts and service available for golf courses, sports fields, and state and federal municipalities. Ness Turf Equipment is proud to be part of the Ness family of companies. Every year since 2005, the company has been named one of Hawaii's top 250 businesses by Hawaii Business magazine.
